

MB DESPATCH CONVEYORS

- ▶ The Despatch Conveyor is supplied to work with all pot sizes and in various lengths to suit your nursery requirements.
- ▶ The conveyor belt has adjustable speed and is fitted with 'magic eye' control for ease of stopping and starting during the work flow.
- ▶ A working platform on both sides allows work stations to be positioned where required.
- ▶ Using the Despatch Conveyor in the despatch line will help to reduce pot handling handling and give space for labelling, staking, pricing, etc.
